Summary

Senior Program Manager and licensed PE with 10+ years leading enterprise-scale programs across operations, NPI, and engineering — founding PMOs, managing multi-million portfolios, and driving programs from strategy through full-scale production. Proven track record building high-performing teams and turning complexity into measurable business outcomes.

Skills

Strategy & Leadership: Financial Modeling, P&L Management, CapEx, Product Roadmapping, Cross-Functional Leadership

Program Management: NPI/NTI/CIP Lifecycle, Stage Gate Execution, Agile/Waterfall, EVM, KPI/OKR Development

Engineering & Operations: Lean, Six Sigma, DFM&A, MBSE, Requirements Decomposition, Process Optimization, Power BI

Experience

Daikin Applied Americas | Virginia, USA

Senior Program Manager – Operations | Jan 2025 - Current

- Founded Ops PMO, instituted governance model and executed 10+ strategic projects to drive \$5M+ in cost savings.
- Directed multi-site (US & Mexico) production readiness initiatives, drove 86%+ on-time delivery (OTD).
- Defined CapEx execution process: created and controlled schedule, cost, quality KPIs; maintained 80%+ score.
- Drove 4x cycle time improvement through optimization of value streams, manufacturing cells, and material flow.

Program Manager – Engineering (NPI, NTI, CIP, VAVE) | Jun 2022 - Dec 2024

- Established \$500M+ multi-generational product roadmap leveraging market intelligence and financial models.
- Launched 4 key Data Center projects amid accelerated timelines and shifting requirements, drove \$300M+ revenue.
- Led project planning, schedule development, and gate reviews, improved PMO scorecard from 17% to 65%+.
- Delivered technical presentations and training to executives and cross-functional team of 100+ employees.

French Oil Mill Machinery Company | Ohio, USA

Project Manager | Sep 2019 - Jun 2022

- Concurrently managed multiple global, multi-system and supplier integration projects totaling \$26M+.
- Reduced scope changes by ~75% by standardizing Statement of Work (SOW) reviews at project initiation.
- Negotiated fixed price contracts and instituted multi-sourcing, resulting in 6%+ reduction in product cost.

Product Development Engineer | Sep 2018 - Sep 2019

- Achieved 8% reduction in component waste and 12% reduction in assembly time, improved On Time Delivery.
- Developed predictive maintenance systems reducing downtime by 10+ weeks with condition-based monitoring.
- Designed complex mechanical, hydraulic, and controls configurations ensuring full regulatory compliance.

Wepuko Pahnke Engineering | Ohio, USA

Product and Operations Engineer | Feb 2015 - Sep 2018

- Led NPD initiative, launched custom servo valve product line and grew annual revenue by 7%+.
- Created custom solution for supplier data management, reduced error rates by over 10% across 100+ suppliers.
- Engineered schematics and custom hydro-mechanical components on a 7000 PSI system for a 350 MN press.

Education

- Master of Science in Engineering (Minor - Systems Engineering) | Purdue University (West Lafayette, IN) | Dec 2020
- Bachelor of Science in Mechanical Engineering | Purdue University (West Lafayette, IN) | Dec 2014

Certifications

- Professional Engineer (PE) - Machine Design and Materials | Virginia | License # 0402066958
- Project Management Professional (PMP) | Project Management Institute (PMI) | License # 3146992
- Lean Six Sigma Black Belt (LSSBB) | American Society of Quality (ASQ) | Credential ID #26963
- Credential of Readiness (CRe) Program - Pass with High Honors | Harvard Business School (Online)
- Change Management Professional | PROSCI
